

Meeting of the International Pemphigus and Pemphigoid Foundation

June 22nd and 23rd, 2017 Lübeck, Germany

Media Docks, Lübeck

Wednesday, 21.06.2017	16:15-17:30	Pre-IPPF Meeting of the <i>Microbiota and Genetics of Autoimmune Blistering Diseases Study Group</i> Department of Dermatology, University of Lübeck, Ratzeburger Allee 160	
	18:30-22:00	Welcome reception, St. Petri Church	
Thursday, 22.06.2017		<u>Pemphigus diseases</u>	
	08:00	Registration	
	08:30	Welcome by President of the University of Lübeck, local organizer, and patient representative	
	Chair: NN, NN	09:00-10:45	Pemphigus I: Genetics, clinical presentation, and diagnosis
		09:00	Functional genetics in pemphigus. Dan Vodovich, Tel Aviv
		09:15	Diagnosing pemphigus. Richard Groves, London
		09:30	Disease scoring and quality of life measurements in pemphigus. Dedee Murrell, Sydney
		09:45	Paraneoplastic pemphigus. Sergei Grando, Irvine
		10:00	Oral presentation abstract 1
		10:10	Oral presentation abstract 2
		10:20	Discussion I
		10:45-11:15	Coffee break and poster viewing
Chair: NN, NN		11:15-12:30	Pemphigus II: Immunopathology and treatment
	11:15	Antigen-specific therapies in pemphigus. Aimee Payne, Philadelphia	
	11:30	T-cells as therapeutic targets in pemphigus. Rüdiger Eming, Marburg	
	11:45	Oral presentation abstract 3	

11:55 Oral presentation abstract 4
12:05 Discussion II
12:25 Photo (place)
12:35-14:00 Lunch and poster viewing
13:00-14:00 The IADPO GRIP tool and how the IPPF community can benefit – IPPF & Patient Support Group Leaders

Chair: NN
Frédéric Caux

14:00-15:15 Pemphigus III: Treatment options
14:00 B cell response in pemphigus patients treated with Rituximab. Philippe Musette, Rouen
14:15 The future role of IVIG in the treatment of pemphigus. Razzaque Ahmed, Boston
14:30 Oral presentation abstract 5
14:40 Oral presentation abstract 6
14:50 Discussion III

Chair: NN
Giovanni Di Zenzo

15:15-15:45 Coffee break and poster viewing
15:45-17:45 Pemphigus IV: Autoantibody-mediated effects
15:45 Autoimmunity against desmosomal proteins: what have we learnt from *in vivo* models? Masayuki Amagai, Tokyo
16:00 Autoimmunity against desmosomal proteins: what have we learnt from *in vitro* models? Jens Waschke, Munich
16:15 Signaling pathways in pemphigus. Eliane Müller, Bern
16:30 Non-desmoglein antibodies: what is their diagnostic and pathophysiological value? Animesh Sinha, Buffalo
16:45 Oral presentation abstract 7
16:55 Oral presentation abstract 8
17:05 Oral presentation abstract 9
17:15 Global research of the impact of dermatological diseases. Christine Janus, Ottawa
17:30 Discussion IV

18:30 River cruise around the medieval city

20:00-23:00 Networking evening, Gemeinnützige

Friday,
23.06.2017

Pemphigoid diseases

Chair: NN, NN

08:30-10:30 Pemphigoid I: Epidemiology, clinical presentation, and diagnosis

- 08:30 Comorbidities in bullous pemphigoid. Kaisa Tasanen, Oulu
- 08:45 New clinical variants of bullous pemphigoid. Luca Borradori, Bern
- 09:00 Diagnosis of pemphigoid diseases. Marcel Jonkman, Groningen
- 09:15 Mucous membrane pemphigoid. John Dart, London
- 09:30 Oral presentation abstract 10
- 09:40 Oral presentation abstract 11
- 09:50 Oral presentation abstract 12
- 10:00 Discussion I

10:30-11:00 Coffee break and poster viewing

Chair: NN, NN

11:00-13:00 Pemphigoid II: Disease pathways and mechanisms

- 11:00 Mechanisms of effector cell recruitment. Christian Sadik, Lübeck
- 11:15 Contribution of cytokines. Frank Antonicelli, Reims
- 11:30 Fc-independent mechanisms. Wataru Nishie, Sapporo
- 11:45 Cell signaling. Ralf Ludwig, Lübeck
- 12:00 Oral presentation abstract 13
- 12:10 Oral presentation abstract 14
- 12:20 Oral presentation abstract 15
- 12:30 Discussion II

13:00-14:00 Poster session with lunch

Chair: NN
Pascal Joly

14:00-16:00 Pemphigoid III: Treatment options

- 14:00 IgE-mediated mechanisms in bullous pemphigoid. Janet Fairley, Iowa
- 14:15 Controlled treatment trials in bullous pemphigoid. Karen Harman, Leicester
- 14:30 Emerging treatments for bullous pemphigoid. Enno Schmidt, Lübeck
- 14:45 Oral presentation abstract 16
- 15:10 Oral presentation abstract 17
- 15:20 Oral presentation abstract 18

15:30 Discussion III

15:55-16:00 Farewell and Poster awards

16:00-16:15 Coffee break

16:15-17:45 Post-IPPF Consensus meeting: *Practical treatment of bullous pemphigoid*
