12:30-13:30 and 14:30-16:00 (Room Mumbai): Dr. Jan Christian of the DFG will be available to discuss individual questions in 15 minutes time slots (available time slots see list at the registration)

MEETING ORGANISATION

During the ADF Annual Meeting, the following working groups do meet as follows

Wednesday, March 07, 2018:

Experimental Dermatooncology	12:00-18:00, Room Cape Town
Psoriasis	14:30-19:00, Room Tokyo
Atopic Dermatitis + Skin Barrier	14:00-18:00, Room Mumbai
Epidemiology	14:00-18:00, Room Dubai

Thursday, March 08, 2018:

Cutaneous Lymphoma	09:00-13:00, Room New York
Experimental Allergology	09:00-13:00, Room Tokyo
Autoimmun blistering skin diseases	09:00-13:00, Room Dubai
Psoriasis	09:30-10:30, Room Cape Town
Acne Inversa	10:30-13:00, Room Cape Town
Dermatological Genetics	09:00-13:00, Room Mumbai
Pruritus Research	10:00-13:00, Room Sydney

The programme of the working group meetings, additional details (chair, contact person, etc.) as well as information about the meetings, especially of those which did not provide this information at the time of programme finalisation, can be found on the ADF Homepage (www.adf-online.de).

We thank for the support of the ADF working groups:

Experimental Dermatooncology:	4 sc ag (Research Award Melanoma: CHF 500)
Cutaneous Lymphoma	4 sc ag (Research Award Lymphoma: CHF 500)
Pruritus Research:	Allmirall
Psoriasis:	Allmirall
Experimental Dermatooncology:	F. Hoffmann-La Roche Ltd.
Atopic Dermatitis + Skin Barrier:	LEO Pharma Sarath Ltd
Dermatological Genetics:	Novartis Pharma Schweiz AG
Experimental Allergology:	Novartis Pharma Schweiz AG
Psoriasis:	Novartis Pharma Schweiz AG
Atopic Dermatitis + Skin Barrier:	Sanofi Genzyme
Cutaneous Lymphoma:	Takeda Pharma AG,
	incl. Lymphoma Research Award 2018: CHF 1000
Epidemiology :	Zur Rose Suisse AG

About the 45. Annual Meeting of the Arbeitsgemeinschaft Dermatologische Forschung

Dear Colleagues and Friends,

We would like to warmly welcome you to the 45th Annual Meeting of the Arbeitsgemeinschaft Dermatologische Forschung. This year, we have received 219 abstracts out of which we have chosen 36 for oral presentations based on the recommendations of the reviewers. In addition, speakers of three *Quo Vadis Lectures* will present up-to-date topics highlighting novel avenues for future research.

As in previous years, we have a number of awards to give to outstanding scientists. The prize winners of the two main ADF-Awards, the *Egon Macher Award* and the *Paul Langerhans Award* will present their work. Additionally the ADF/ECARF Award, three Awards for Dermato-Oncology and six Translational Research Awards as well as one award specifically dedicated to Atopic Dermatitis research will be given this year. We are grateful to all foundations and supporters to enable the ADF to give these awards.

The posters should be presented during the entire meeting to allow for vivid discussions during the ADF. All oral presentations will also be exhibited as posters to facilitate informal interactions. During the *poster sessions*, *poster walks* will be organized focussing the discussion on specific themes. The twelve best posters nominated by the poster committee will receive a poster award at the end of the meeting.

We are looking forward to this year's workshop, which is devoted to „*Precision Medicine in Dermato-Oncology*“. Additional highlights of this year's annual meeting are the *Guenter Goerz Memorial Lecture* and the *Guest Lecture*, which will be given by Detlef Zillikens (Luebeck) and Georg Stingl (Wien), respectively.

The ADF steering committee would like to thank the local organizers for their outstanding preparation of the meeting. We are looking forward to hearing your latest work at what we hope will be an enjoyable, informative and memorable ADF Meeting in Zurich.

Thank you all for your participation and for your contribution to this meeting!

Ralf Ludwig
President

Karin Loser
Secretary

Kilian Eyerich
Treasurer

The steering committee is very thankful to abstract reviewers, members of the poster committees and guides of poster walks.

Poster walks and Poster committee

During the poster sessions, the following poster walks take place:

Adaptive Immunity (G. Stary)	Immunology (M. Hertl)
Allergy (M. Glatz)	Infectious Diseases (M. Fabri)
Cellular Biology (M. Gatzka)	Innate Immunity (K. Schaekel)
Clinical Research (K. Eyerich)	Mast cells and Basophils (M. Metz)
Cytokines in Psoriasis (T. Kündig)	Psoriasis (K. Witte)
Dermato-Endocrinology (E. Makrantonaki)	Biologics in Psoriasis (R. Moessner)
Epidemiology and Genetics (S. Weidinger)	Tumor Biology (E. Guenova)
	Tumor Immunology (J. Landsberg)

We thank *Almirall, Bristol-Myers Squibb SA, Biotest AG, Glaxo Smith Kline AG, Janssen-Cilag AG, La Roche-Posay, Laboratoire Dermatologique, Novartis Pharma Schweiz AG, UCB-Pharma AG and Takeda Pharma AG* for their kind support.

Please sign up for a poster walk at the registration. The meeting point will also be there.

All Poster walkers are also members of the Poster committee, which is coordinated by Jennifer Landsberg and Martin Metz.
